 ~ therapeutic images for the care industry ~

eCatalogue

SPRING 2010

AGED CARE ACTIVITY RESOURCES

Share-Time Pictures' relaxing and engaging activity resources are used by Diversional Therapists and carers. They are suitable for one-on-one or group activities and are also suitable for people with dementia, Alzheimer's disease and frail aged people. Our themed and therapeutic images focus on familiar everyday experiences and to support generic reflection, social interaction and reminiscence. ([Background Research](#))
